Nancy,

The LWVSMC Board enthusiastically and unanimously extends an invitation to you to join us as an appointed director, serving with Dallas as PR co-director. Your talents and commitment shine through and we are delighted that you have chosen to share them with us as a member –and now hopefully on the Board. You are always there with valuable insights and a willingness to pitch in. We'd love you to have a formal role on the leadership team.

I'm writing rather than calling to avoid putting you on the spot and to give you time to consider and ask any questions that might be on your mind. Please know that I personally and every member of the Board would love you to join us.

Some background: The elected board (officers and six elected directors) can appoint up to six appointed directors to one-year terms. Your appointment would run until our Annual Meeting in June. If you're a "yes," please know that we would like you to consider being a part of the Board going forward beyond June. We look forward to all we can accomplish together!
